Procedures

General orientation procedures

The time required for orientation and settling in will vary for each child and their family, therefore it is important to be flexible and individualise orientation for each family.

- Offer parents/guardians the opportunity to visit the service at different times during the day/session, this allows the child and their family to become familiar with the various routines of the service
- Providing reassurance to the family that they may stay with their child for as long as they choose during orientation and once the child commences
- Provide the family with suggestions for developing and maintaining a routine for saying goodbye to their child
- Reassure the family:

they can leave their child initially for a shorter day, gradually increasing the length of time

they may call and speak to their child's educator(s) at an agreed

the educators will keep them informed on how their child is settling in time

they will be informed about any changes or circumstances which may affect them or their child.

Further considerations may include but are not limited to:

send an email during the day to update the family on their child including a photo of the child (if the child has settled in) (*refer to the Information and Communication Technology Policy*). Note: For children in out-of-home care, the educator may need to seek permission from Child Protection before taking and distributing photos of the child asking the family how they have settled in and if they have any questions or concerns.

- Refer to *Attachment 1* for the general enrolment procedures

Background and legislation

Background

The *Education and Care Services National Regulations 2011* require approved services to have a policy and procedures in place in relation to enrolment and orientation (*Regulation 168(2) (k)*).

Childcare services providing approved child care (*refer to Definitions*) must abide by the *Family Assistance Legislation Amendment (Jobs for Families Child Care Package) Act 2017* (*refer to Legislation and standards*). Australian families receive help with the cost of child care through the Child Care Subsidy (CCS). The Australian Government, through the Department of Education (DE) and Services Australia, administers the Child Care Subsidy (CCS). Providers must be approved by the department to receive CCS.

DE is responsible for the legislation that underpins CCS. This legislation is called Family Assistance Law (FAL). All providers that receive CCS must follow the rules under FAL. DE monitors providers' compliance with FAL.

The Australian Government subsidises the cost of child care. State and territory governments are responsible for the health, safety, wellbeing and educational outcomes of children.

CCS is paid directly to approved providers and passed on to families as a fee reduction.

Additional Child Care Subsidy (*refer to Sources*) provides additional fee assistance to support vulnerable or disadvantaged families and children. This support recognises the preventative and protective influence of quality child care on a child's health, wellbeing and development; and the importance of continuity of care.

There are four different payments under Additional Child Care Subsidy:

- Additional Child Care Subsidy (child wellbeing): to help children who are at risk of serious abuse or neglect.
- Additional Child Care Subsidy (grandparent): to help grandparents on income support who are the principal caregiver of their grandchildren.
- Additional Child Care Subsidy (temporary financial hardship): to help families experiencing financial hardship.
- Additional Child Care Subsidy (transition to work): to help low-income families transitioning from income support to work.

The Inclusion Support Program is designed to assist early childhood education and care services to include children with additional needs by providing support, in the form of practical and tailored advice and strategies on effective inclusive practice, from contracted Inclusion Agencies as well as funding to address more challenging inclusion barriers.

The Community Child Care Fund is designed to help eligible child care providers address barriers to child care participation, particularly in disadvantaged communities, including Indigenous communities.

The Australian Government considers that immunisation is an important health measure for children and their families, as it is the safest and most effective way of providing protection against harmful and often deadly diseases. To meet the Child Care Subsidy immunisation requirements, children must be immunised

according to the standard vaccination schedule, be on an eligible catch-up vaccination schedule or have an approved exemption from being immunised.

Immunisations are an effective means of reducing the risk of vaccine preventable diseases. Early childhood education and care services which are regulated under the *Education and Care Services National Law Act 2010* and *Education and Care Services National Regulations 2011* have legislative responsibilities under the *Public Health and Wellbeing Act 2008* to only offer a confirmed place in their programs to children with an Australian Immunisation Register (AIR) Immunisation History Statement (*refer to Definitions*). To meet the Child Care Subsidy immunisation requirements, children must be immunised according to the National Immunisation Program Schedule (*refer to Sources*) set out by the Australian Government Department of Health.

Definitions

The terms defined in this section relate specifically to this policy.

Australian Immunisation Register (AIR) Immunisation History Statement: The AIR is a national register administered by Medicare that records all vaccinations given in Australia, including to children. Parents/carers must provide a copy of their most recent AIR Immunisation History Statement, which shows that the child is up to date with their immunisations upon enrolment and when a child has received or been due to receive a vaccination while attending the service. In the case of medical contraindication, an authorised medical practitioner completes and signs a Medical Exemption Form and supplies it to the AIR (previous forms of documentation, for example a letter from a GP or local council, are no longer acceptable). In order to confirm enrolment, the Immunisation History Statement must show the child is up to date with the vaccines they can have, medical contraindication and indicate the due date for the next vaccinations the child is able to receive in the future if applicable.

Authorised nominee: (In relation to this policy) is a person who has been given written authority by the parents/guardians of a child to collect that child from the education and care service. These details will be on the child's enrolment record

Centrelink: The agency that delivers payments and services to individuals and parents/guardians on behalf of the Australian Government.

Child care software: software developed and provided by commercial providers to interact with the Australian Government's Child Care Subsidy System (information technology system) and to support other administrative and management activities for child care providers.

Child Care Safety Net: Targeted assistance to vulnerable and at-risk children and their families, as well as supporting child care services in disadvantaged communities to address barriers in accessing child care.

The Child Care Safety Net has three components:

- Additional Child Care Subsidy

Your child

- Community Child Care Fund
- Inclusion Support Program.

Child Care Subsidy (CCS): A Commonwealth Government means tested subsidy to assist eligible parents/guardians with the cost of child care. Payments are paid directly to approved child care providers (*refer to Definitions*).

Children/families experiencing vulnerability and/or disadvantage (in relation to this policy): children are vulnerable if the capacity of parents and family to effectively care, protect and provide for their long-term development and wellbeing is limited. Some factors which may contribute to a child experiencing vulnerability include: a child with a disability; living in a family with a low income, or one which is experiencing problems with housing, domestic violence, , substance abuse, or mental health; known to Child Protection; in statutory Out of Home Care; Aboriginal and/or Torre Strait Islander, having a culturally and linguistically diverse background; having a young or sole parent, or a parent with a disability (adapted from the Kindergarten Funding Guide)

Children with additional needs: Children whose development or physical condition requires specialist support or children who may need additional support due to language, refugee or asylum seeker experience, complex trauma, cultural or economic circumstances (*refer to Inclusion and Equity Policy*) (*refer to Children/families experiencing vulnerability and/or disadvantage Definition*).

Complying Written Arrangement: A written arrangement between a child care provider and an individual to provide child care in return for fees. The arrangement includes certain required information:

- the names and contact details of the provider and the individual(s)
- the date the arrangement starts
- the name and date of birth of the child (or children)
- if care will be provided on a routine basis and if so

details about the days on which sessions of care will usually occur

the usual start and end times for these sessions of care

whether care will be on a casual or flexible basis (in addition to, or instead of, a routine basis)

- details of fees charged under the arrangement (providers can reference a fee schedule or information available on their website), which the parties understand may vary from time to time.

Additional information can be included to support the individual's understanding of their payment obligations

Enrolment: An enrolment occurs when the provider has an arrangement with an individual or organisation to provide care to a child and the provider submits an enrolment notice in the Child Care Subsidy System. It is a requirement under Family Assistance Law for all children who attend child care (or have an arrangement for care) to have an enrolment notice regardless of their Child Care Subsidy eligibility status

Enrolment notice: The notice given by a provider through the Child Care Subsidy System that they have an arrangement with an individual or organisation to provide care to a child.

Enrolment record: the collection of documents which contains information on each child as required under the National Regulations (*Regulations 160, 161, 162*) including but not limited to parent details; emergency contacts; authorised nominee; transportation authorisations, details of any court orders; and health information including immunisation status. Enrolment records are stored securely in the service due to their confidential nature.

Support period: allows specific categories of children of parents/guardians experiencing vulnerability and disadvantage to enrol and attend the service without an AIR Immunisation History Statement (*refer to Definitions*) or when the statement is assessed as not being up to date. Services complete the support period eligibility form with parents/guardians during enrolment and keep a copy with the child's enrolment record. The 16-week support period starts on the first day of the child's attendance at the service. During the support period, the service is required to take reasonable steps to obtain the AIR Immunisation History Statement (*refer to Definitions*) and to encourage parents/guardians to access immunisation services.

Inclusion Support Program: A program that assists child care services to include children with additional needs by providing tailored inclusion advice and support from contracted Inclusion Agencies as well as funding to address more challenging inclusion barriers.

Orientation: Process to support the child's transition to the service, whereby families spend time at the service with the child a few times before leaving the child on their own. The time required for orientation and settling in will vary for each child and their family.

Provider Entry Point: The online interface that providers can use to sign in and access the Child Care Subsidy System.

Evaluation

In order to assess whether the values and purposes of the policy have been achieved, the approved provider will:

- regularly seek feedback from everyone affected by the policy regarding its effectiveness
- monitor the implementation, compliance, complaints and incidents in relation to this policy
- keep the policy up to date with current legislation, research, policy and best practice
- revise the policy and procedures as part of the service's policy review cycle, or as required
- notifying all stakeholders affected by this policy at least 14 days before making any significant changes to this policy or its procedures, unless a lesser period is necessary due to risk (*Regulation 172 (2)*).

Priority of access

There are no requirements for filling vacancies. The approved provider can set their own rules for deciding who receives a place.

Approved providers are asked to (but are not legally obliged to) prioritise children who are:

- at risk of serious abuse or neglect
- a child of a sole parent who satisfies, or parents who both satisfy, the activity test through paid employment.

This meets the Australian Government's aims of helping parents/guardians who are most in need and supporting the safety and wellbeing of children at risk.

The approved provider can set their own rules for deciding who receives a place, this can include but not limited to:

- Siblings attending the service
- Length of time on the waitlist
- Proximity to the service
- Family works or studies close to the service

Enrolment Procedure

Enrolments will be taken throughout the year subject to availability. If there are no placements available, the child will be placed on a waiting list. Once a family has decided to commence at Hampton Park Community House, they will need to:

- Complete separate enrolment records (*refer to Definitions*) for each child attending the service
- Provide the following information:
 - child's name, address and details of any special needs
 - information about themselves and any other parents, carers or guardians
 - details of the people who can pick up the child
 - child's birth certificate or other identity documents
 - details of any parenting orders or legal matters to do with the care or safety of the child (*refer to Privacy and Confidentiality Policy*)
 - the child's medical health and AIR Immunisation History Statement status.
- To facilitate the inclusion of all children into the program, the enrolment process should clearly identify any additional or specific needs of the child (*refer to Inclusion and Equity Policy*).

- All enrolments must be accompanied by an enrolment fee in line with Hampton Park Community House's *Fees Policy* of [insert amount]. This fee is to cover administrative costs associated with the processing of a child's enrolment application and is not refundable (remove if not applicable).
- Completed enrolment records are to be forwarded to the person responsible for the enrolment process at Hampton Park Community House.
- Access to completed enrolment records will be restricted to the person responsible for the enrolment process, the approved provider and/or nominated supervisor at the service, unless otherwise specified by the approved provider.
- Parent/guardians to create or access their Centrelink online account to lodge a Child Care Subsidy claim for each of their children (*refer to Diagram 1*).
- The service and parent/guardian to complete and sign a Complying Written Agreement (*refer to Definitions*), which includes:
 - The names and contact details of the approved provider and the parent/guardians(s)
 - the date the arrangement starts
 - the name and date of birth of the child (or children) if care will be provided on a routine basis and if so
- details about the days on which sessions of care will usually occur
- the usual start and end times for these sessions of care
- whether care will be on a casual or flexible basis (in addition to, or instead of, a routine basis)
 - details of fees charged under the arrangement (providers can reference a fee schedule or information available on their website), which the parties understand may vary from time to time.
 - additional information can be included to support the individual's understanding of their payment obligations.
 - once the CWA is signed, it is then filed in the child's record

Immunisation – No Jab NO Play

- The purpose of this legislation is to encourage the highest attainable rates of vaccination to protect children from vaccine-preventable diseases.
- The person in charge of an early childhood service has the responsibility of communicating with families of children seeking enrolment about requirements of No Jab No Play legislation and its links to enrolment in an early childhood setting. This includes asking for a current immunisation history statement from the Australian Immunisation Register (AIR) that shows the child is up to date with all the immunisations due for their age unless the child qualifies for an exemption under the support period.
- The Immunisation Statement is assessed as outlined in the Immunisation enrolment toolkit for early childhood education and care services by the person responsible for the enrolment process on behalf of the approved provider.

- The “Key dates work form for immunisation and enrolment” in the Immunisation enrolment toolkit for early childhood education and care services is used to determine the date at which immunisations must be up to date. The toolkit also provides guidance on assessing immunisation documentation to determine if a child is up to date or qualifies for an exemption. The following documents and resources can be accessed from www2.health.vic.gov.au:
 - The Immunisation enrolment toolkit for early childhood education and care services (search ‘Immunisation enrolment toolkit’)
 - The Key dates work form for Immunisation and enrolment (search ‘Key Dates work form’)
 - Hard copies of the immunisation resources (search ‘immunisation resources order form’)
- The acceptable outcomes of the assessment for offering a confirmed place are:
 - That the next due vaccine for the child on the AIR Immunisation History Statement is within the acceptable timeframe for an enrolment, or;
 - That the child has been assessed by [Service Name] as being eligible for a 16-week support period
- The person responsible for the enrolment process advises the parent/guardian in writing whether a confirmed place is offered, and the enrolment can proceed.
- Parents/guardians who do not have an up to date AIR Immunisation History Statement and whose child is not eligible for the support period cannot be offered a place and are referred to Australian Childhood Immunisation Register or to an immunisation provider (*refer to Attachment 3*).

Child Care Subsidy enrolment process

Enrolling children is a requirement under *Family Assistance Law* for all children who attend child care (or have an arrangement for care) regardless of their parent’s or guardian’s eligibility for Child Care Subsidy.

- The person responsible for the enrolment e.g. the approved provider must lodge an enrolment notice (through their child care software or the PEP) in the Child Care Subsidy System to show they have made an arrangement with the parent/guardian and the child is enrolled (*refer to Diagram 1*).
- The approved provider for the enrolment may need to provide several enrolment notices for a child if there is more than one arrangement to provide care for that child (because those arrangements are considered different enrolments under *Family Assistance Law*)—for example, where either:
 - a child is a dependent child of two families, such as when separated parents share care for a child
 - the fees for some sessions of care provided to a child are paid by a third party (such as an employer) and other sessions are paid by the parent(s).
- The agreement through which families can receive Child Care Subsidy is called a Complying Written Arrangement (*Refer to Definitions*). A Complying Written Arrangement is an agreement to provide care in return for fees.
- Complying Written Arrangements must have certain information. If the Complying Written Arrangement includes this information in writing, it can be made through the same enrolment form or process the provider uses to enrol a child.

- An arrangement must be recorded, either on paper or electronically, and must be kept by the approved provider. An arrangement can cover more than one child if multiple children in a family will attend the same child care service (each child must have their own enrolment).
- Once the approved provider enters into a Complying Written Arrangement with a family, they must submit an enrolment notice within seven days of the end of the week in which the arrangement started.
- If the approved provider enters into a Complying Written Arrangement more than 14 weeks before the child starts care, the enrolment will cease in the system before the child starts care. Therefore, the provider and individual would need to re-establish the Complying Written Arrangement and the provider would need to submit another enrolment notice. The Complying Written Arrangement would need to contain up-to-date details (where any have changed). At minimum, a new start date for the arrangement would be needed.
- Once the provider has made an arrangement with an individual, they can create a new enrolment notice through their child care software or the PEP. The provider must submit an enrolment notice for each child at each service. If an arrangement covers more than one child, or more than one service, a separate enrolment notice must be provided for each child at each service.

What information is required for an enrolment notice?

Through their child care software or the PEP, providers will be able to view, create, update or cease enrolments for all children attending their service(s). Providers will also be able to see the complete enrolment history (all current and ceased enrolment notices) for each child enrolled with them.

After the approved provider submits an enrolment notice for a child, the parent/guardian will be notified and asked to check the main enrolment notice details. This will occur through their Centrelink online account. Where an individual cannot access myGov, they can confirm their enrolment over the phone with Centrelink or by visiting a Centrelink office.

The parent/guardian must then indicate that either:

- the enrolment details are correct
- one or more enrolment details are incorrect (do not reflect their arrangement)
- the child is not enrolled at the service.
- The approved provider will be notified through their child care software or the PEP when an enrolment has been confirmed.

Updating and ending arrangements and enrolments

Where there are changes to the arrangement for care between the approved provider and an family, the approved provider must update the arrangement in writing (electronic or hard copy).

The approved provider must update an enrolment notice if:

- the family disagrees with details of an enrolment and the approved provider agrees an update is required
- an arrangement for care is changed at the request of, or in discussion with, the family (and this has been updated in the Complying Written Arrangement)
- the approved provider finds out that the information provided in an enrolment is (or becomes) wrong either at the time of or after the enrolment notice was created
- the arrangement for care ends.

The corresponding enrolment notice must be updated in the Child Care Subsidy System within seven days of the change or event which caused the change to the arrangement.

The Approved Providers should update an existing enrolment notice through their child care software or the PEP by updating only the fields where information has changed and submitting the update.

Where an enrolment has an end date, the approved provider will be notified through the Child Care Subsidy System four weeks before that date.

If care is going to continue under the arrangement, the enrolment end date must be updated or else the arrangement will end. If that happens, the child will need to be re-enrolled and a Complying Written Arrangement will need to be re-established.

An enrolment will end for Child Care Subsidy purposes if a child does not attend a session of care for 14 continuous weeks. The approved provider will be notified after four weeks of no sessions of care being reported.

If the child starts attending the service again after 14 weeks or more, the provider will need to re-establish the Complying Written Arrangement with the family and submit a new enrolment notice.

Dear [insert name]

Re: Enrolment at Hampton Park Community House. for [insert year]

I am contacting you regarding your tentative place for [insert child's name] at [Service Name] in the [insert program] in [insert year].

Under the *Public Health and Wellbeing Act 2008* early childhood education and care services cannot enrol a child unless the parent/guardian has provided AIR Immunisation History Statement.

AIR Immunisation History Statement includes evidence that your child:

- is fully vaccinated for their age; or
- has been assessed by our service as being eligible for a 16 week support period.

As we have not received acceptable immunisation documentation for [insert name of child] by the due date, and your child is not eligible for the 16 week support period, we are unable to confirm a place at our service for [insert year] and your child's name has been removed from our list.

Immunisation programs are effective in reducing the risk of vaccine preventable diseases. Immunisation from an early age helps protect your child against serious childhood infections. Further information about immunisations for your child is available from:

- your doctor
- [insert details of local government immunisation service]
- National Immunisation Information Line Tel. 1800 671 811
- Australian Immunisation Register:
www.servicesaustralia.gov.au/individuals/services/medicare/australian-immunisation-register
- Better Health Channel website: www.betterhealth.vic.gov.au/campaigns/no-jab-no-play

Should you wish to re-apply for a place for [insert child's name], we are happy to accept a new enrolment application accompanied by AIR History Statement. The new application would be considered in line with Hampton Park Community House.'s *Enrolment and Orientation policy*.

Your child

Yours sincerely
