Background and Legislation

Background

Under the *National Law and Regulations*, early childhood services are required to obtain written authorisation from parents/guardians, and/or authorised nominees (*refer to Definitions*) in some circumstances, to ensure that the health, safety, wellbeing and best interests of the child are met. These circumstances include but are not limited to:

- self-administration of medication (if applicable) (*Regulation 96*)
- children leaving HPCH premises (*Regulation 99*)
- children being taken on excursions (*Regulation 102*)
- transport provided or arranged by HPCH (*Regulation 102D*)
- seeking medical treatment for children and transportation by an ambulance service (*Regulation 161*).

Specific service policies (*including the Administration of Medication Policy, Delivery and Collection of Children Policy, Enrolment and Orientation Policy and Excursions and Service Events Policy*) should include details of the conditions under which written authorisations will be accepted. However, there may be instances when a service refuses to accept a written authorisation. The *Education and Care Services National Regulations 2011 (Regulation 168(2) (m))* specify that services are required to develop a policy in relation to the acceptance and refusal of authorisations to help educators/staff and parents/guardians understand exactly what they need to do.

This policy outlines procedures to be followed when refusing a written authorisation from a parent/guardian or person authorised and named in the enrolment record. As an example, the *National Law* does not specify the minimum age of a person who is authorised to collect a child from HPCH premises. After consulting with parents/guardians and families, the approved provider may adopt a policy position accepting authorisations for persons over the age of 16 to collect a child from HPCH. This decision will then be outlined in HPCH's *Delivery and Collection of Children Policy*. In the event that HPCH receives written authorisation for a person under the age specified in its *Delivery and Collection of Children Policy*, to collect a child from HPCH, the procedures outlined within this policy for refusing this written authorisation would be enacted.

- Education and Care Services National Regulations 2011
